

Safety Data Sheet

1. IDENTIFICATION

Product Identifier: Zinc Sulfate Solution, Specific Gravity 1.180

Product Code(s): Z1000

Synonym(s): Zinc (II) Sulfate Solution; Sulfuric Acid, Zinc Salt Solution; Zinc Vitriol Solution

Recommended Use: For manufacturing, industrial, and laboratory use only. Use as a laboratory reagent.

Uses Advised Against: Not for food, drug, or household use.

Supplier: Rocky Mountain Reagents, Inc.

4621 Technology Drive, Golden, CO 80403 Phone: (303) 762-0800 Fax: (303) 762-1240

Emergency Phone Number: For health emergency, call poison control: (800) 222-1222.

2. HAZARDS IDENTIFICATION

Hazard Classifications: Eye Damage/Irritation: Category 1

Signal Word: DANGER

Hazard Statements: Causes serious eye damage.

Pictograms:

Precautionary Statements:

Prevention: Wear eye protection and face protection.

Response: If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if

present and easy to do. Continue rinsing. Immediately call a poison center or doctor.

Storage: Not applicable.

Disposal: Not applicable.

Product: Zinc Sulfate Solution, Specific Gravity 1.180

Revision Date: 06/27/2016 1/7

Hazards Not Otherwise

Classified:

Toxic to aquatic life with long-lasting effects. Avoid release to the environment.

Toxicity Statement: Not applicable.

3. COMPOSITION AND INFORMATION ON INGREDIENTS

Component	Common Name / Synonyms	CAS#	Chemical Formula	% by Weight
Water	Water	7732-18-5	H ₂ O	71.5
Zinc Sulfate, Heptahydrate	Zinc (II) Sulfate, Heptahydrate	7446-20-0	ZnSO ₄ • 7H ₂ O	28.5

Trade Secret Statement: Not applicable.

4. FIRST AID MEASURES

First Aid Procedures:

Inhalation: Move to fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial

respiration. WARNING! It may be hazardous to the person providing aid to give mouth-to-mouth resuscitation when the inhaled or ingested material is toxic, infectious, or corrosive. Do not use mouth-to-mouth resuscitation if victim ingested or inhaled the substance; induce artificial respiration with the aid of a pocket mask equipped with a one-way valve or other

proper respiratory medical device. Call a physician if symptoms occur.

Ingestion: Rinse mouth. Do not induce vomiting unless directed to do so by medical personnel. If

vomiting occurs, keep head low so that vomit does not enter lungs. Never give anything by mouth to an unconscious person. Call a physician or poison control center if symptoms

occur.

Skin Contact: Wash skin with plenty of water for at least 15 minutes. Remove contaminated clothing and

shoes. Wash clothing before reuse. Call a physician if symptoms occur.

Eye Contact: Check for and remove contact lenses, if present and easy to do. Immediately flush eyes with

gentle but large stream of water for at least 15 minutes, lifting lower and upper eyelids occasionally. Immediate medical attention is required. Get medical attention immediately.

General Advice: Poison information centers in each state can provide additional assistance for scheduled

poisons. Ensure that those providing first aid and medical personnel are aware of the

material(s) involved and take precautions to protect themselves.

Symptoms and Effects: Inhalation may cause headache, thirst, coughing, wheezing, and fatigue. Ingestion may

cause nausea, vomiting, diarrhea, fatigue, and fever. Skin contact may cause irritation and

dermatitis. Eye contact may cause tissue damage.

Immediate Medical Care/

Special Treatment:

Get medical attention immediately if feeling unwell or concerned. Treat symptomatically.

5. FIREFIGHTING MEASURES

Suitable Extinguishing Media: Water spray, dry powder, alcohol resistant foam, carbon dioxide.

Unsuitable Extinguishing Media: Do not use a solid (straight) water stream, as it may scatter and spread fire.

Hazardous Combustion

Products:

Zinc oxides, sulfur oxides.

Product: Zinc Sulfate Solution, Specific Gravity 1.180

Revision Date: 06/27/2016 2/7

Specific Hazards: Excessive thermal conditions may cause decomposition and yield corrosive and/or toxic

fumes.

Special Protective Equipment/ Precautions for Firefighters: As in any fire, wear MSHA/NIOSH-approved (or equivalent), self-contained, positive-pressure or pressure-demand breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions and Protective Equipment:

Ventilate area of leak or spill. Isolate hazard area and keep unnecessary and unprotected personnel away from the area of the leak or spill. Wear appropriate personal protective equipment (see Section 8). Avoid contact with eyes, skin, and clothing.

Emergency Procedures:

In case of chemical emergency, or if unsure how to address an accidental release, consult a professional (see Section 1).

Methods for Containment:

Stop the flow of material, if this is without risk. Prevent entry into waterways, sewer, basements, or confined areas. Dike the spilled material, where this is possible. Product should not be released to the environment. Contain and recover liquid when possible.

Methods for Cleanup:

Absorb spill with an inert material (e.g. vermiculite, dry sand, earth, cloth, or fleece) and place in a non-combustible container for reclamation or disposal. Do not flush to sewer. Clean contaminated surface thoroughly. Residues from spills can be diluted with water. Never return spills in original containers for reuse. Clean up in accordance with all applicable regulations.

7. HANDLING AND STORAGE

Handling:

Wear personal protective equipment (see Section 8). Provide sufficient air exchange and/or exhaust in work rooms. Avoid contact with skin, eyes, and clothing. Do not breathe vapors or spray mist. Do not ingest. When using, do not eat, drink, or smoke. Keep away from incompatible materials (see Section 10). Handle in accordance with good industrial hygiene and safety practice. Wash thoroughly after handling. Containers of this material may be hazardous when empty, as they retain product residues. Observe all warnings and precautions listed for this product.

Storage:

Store in a cool, dry, ventilated area. Store in a segregated and approved area away from heat and incompatible materials (see Section 10). Store in original container. Keep out of light. Keep containers tightly closed and upright. Keep away from food, drink, and animal foodstuffs. Keep out of the reach of children. Comply with all national, state, and local codes pertaining to the storage, handling, dispensing, and disposal of this product.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure Limits: Water: No information found.

Zinc Sulfate, Heptahydrate: No information found.

Engineering Controls: Ensure adequate ventilation. Ventilation rates should be matched to conditions. If

applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not

been established, maintain airborne levels to an acceptable level.

Product: Zinc Sulfate Solution, Specific Gravity 1.180

Revision Date: 06/27/2016 3/7

Personal Protective Measures:

Eye/Face Protection: Wear safety glasses with side shields or safety goggles. Wear a face shield. Maintain

approved eye wash station and accessible rinse facilities in work area.

Wear appropriate chemical resistant clothing (with long sleeves) and appropriate chemical **Skin Protection:**

resistant gloves.

Respiratory Protection: An air-purifying, NIOSH-approved respirator with appropriate cartridge or canister may be

permissible under certain circumstances where airborne concentrations are expected to exceed exposure limits. Use a full-face, positive-pressure, air-supplied respirator if there is any potential for an uncontrolled release, if exposure levels are unknown, or if any other circumstances exist where air-purifying respirators may not provide adequate protection.

Specific Requirements for Personal Protective Ensure that glove material is compatible with this product. This information is available from

glove manufacturers.

Equipment:

PHYSICAL AND CHEMICAL PROPERTIES 9.

Unless otherwise indicated, all properties are given at 25 °C and standard pressure.

Appearance: Colorless, transparent liquid.

Odor: Odorless.

Odor Threshold: No information found.

Formula Weight: 287.54 as zinc sulfate, heptahydrate

< 6.0 pH:

No information found. **Melting/Freezing Point: Boiling Point/Range:** No information found. **Decomposition Temperature:** No information found.

Flash Point: Not applicable. **Auto-ignition Temperature:** Not applicable. Not flammable. Flammability: Flammability/Explosive Limits: Not applicable.

No information found. Vapor Pressure: Vapor Density (Relative): No information found. Specific Gravity: 1.180 (Water = 1)

Viscosity: No information found.

Partition Coefficient (n-octanol/water):

Evaporation Rate:

Solubility:

No information found.

No information found.

Miscible with water.

STABILITY AND REACTIVITY 10.

Reactivity Data: No information found.

Stable under normal conditions. **Chemical Stability:**

Product: Zinc Sulfate Solution, Specific Gravity 1.180

Revision Date: 06/27/2016 4/7 **Conditions to Avoid:** Excessive heat, incompatible materials.

Incompatible Materials: Oxidizers, metals, strong bases, calcium, strontium salts, carbonates.

Hazardous Decomposition

Products:

Zinc oxides, sulfur oxides.

Possibility of Hazardous

Reactions:

May react vigorously or violently with the incompatible materials listed above. Excessive

thermal conditions may yield hazardous decomposition products listed above.

Hazardous Polymerization: Will not occur.

11. TOXICOLOGICAL INFORMATION

Routes of Exposure: Inhalation, ingestion, skin contact, eye contact.

Acute Effects: Harmful if swallowed or exposed to the eyes. May be harmful if inhaled or exposed to the

skin. May affect the skin and stomach.

Chronic Effects: Prolonged or repeated exposure may affect the lungs and cardiovascular system; may

cause allergic reaction, bronchitis, pneumonia, reproductive effects, and skin discoloration.

Toxicological Data: Water: Not applicable.

Zinc Sulfate, Heptahydrate: LD₅₀ Oral, Rat: 2150 mg/kg

Corrosive to eyes based on animal data.

Symptoms of Exposure: Irritation, dermatitis, headache, nausea, vomiting, thirst, coughing, wheezing, fatigue,

weakness, fever, laryngitis, cyanosis.

Carcinogenic Effects: No component of this product is considered to be a carcinogen by IARC, ACGIH, NTP, or

OSHA.

12. ECOLOGICAL INFORMATION

Ecotoxicological Data: Water: Not applicable.

Zinc Sulfate, Anhydrous: EC₅₀, Water Flea (Daphnia magna): 0.56 mg/L 48 h

Persistence and Degradability: No information found.

Environmental Effects: Toxic to aquatic organisms. Avoid release to the environment.

13. DISPOSAL INFORMATION

Disposal Instructions: Dispose of this material and its container to hazardous or special waste collection point.

Minimize exposure to product waste (see Section 8). Do not dispose unused waste down drains or into sewers. All wastes must be handled in accordance with local, state, and

federal regulations.

Contaminated Packaging:Because emptied containers retain product residue, follow label warnings even after

container is emptied. Offer rinsed packaging material to local recycling facilities.

Waste Codes: No information found.

Product: Zinc Sulfate Solution, Specific Gravity 1.180

Revision Date: 06/27/2016 5/7

14. TRANSPORT INFORMATION

DOT: Not regulated.

Environmental Hazard

Regulations:

IMDG: Zinc Sulfate, Heptahydrate:

Marine Pollutant

Other Transport Precautions: DOT Reportable Quantity: Zinc Sulfate, Heptahydrate: 1000 lb

15. REGULATORY INFORMATION

U.S. Federal Regulations:

OSHA: This product is considered a "Hazardous Chemical" as defined by the OSHA Hazard

Communication Standard, 29 CFR 1910.1200.

TSCA Inventory: All components of this product are on the U.S. TSCA Inventory.

U.S. EPCRA (SARA Title III):

Section 302: No information found.

Sections 311/312:

Hazard Category	List (Yes/No)	
Section 311 – Hazardous Chemical	Yes	
Immediate Hazard	Yes	
Delayed Hazard	No	
Fire Hazard	No	
Pressure Hazard	No	
Reactivity Hazard	No	

Section 313: No information found.

CERCLA Reportable Quantities: Zinc Sulfate, Heptahydrate: 1000 lb

International Inventories:

Country or Region	Inventory Name	On Inventory (Yes/No)*
Australia	Australian Inventory of Chemical Substances (AICS)	Yes
Canada	Domestic Substances List (DSL)	Yes
Canada	Non-Domestic Substances List (NDSL)	No
China	Inventory of Existing Chemical Substances in China (IECSC)	Yes
Europe	European Inventory of Existing Commercial Chemical Substances (EINECS)	Yes
Europe	European List of Notified Chemical Substances (ELINCS)	No
Japan	Inventory of Existing and New Chemical Substances (ENCS)	Yes
Korea	Existing Chemicals List (ECL)	Yes
Philippines	Philippine Inventory of Chemicals and Chemical Substances (PICCS)	Yes

^{*}A "Yes" indicates that the listed component(s) of this product comply with the inventory requirements administered by the governing country or region.

Product: Zinc Sulfate Solution, Specific Gravity 1.180

Revision Date: 06/27/2016 6/7
